ANDOVER HIGH SCHOOL

ANDOVER, KANSAS

1984-1985

"CHUCK"

We dedicate the 1984 - 1985 Trojan to Mr. L. W. "Chuck" McGovern because of his twelve years of dedication to our education. During those years Mr. McGovern has worked to create a beautiful school for us, he has worked to improve and broaden the curriculum, and has given his support to promote a highly competitive athletic program. Although these things are important to us, and have helped to make our school number one, we also make this dedication with great respect and love because he is our friend.

FOREIGN EXCHANGE STUDENTS

BIANCA AGELOPOULOS AND CHARLOTTE KRISTENSEN

"My name is Bianca Agelopoulos, I am 17 years old, and come from West Germany. I came to the United States to learn the language, the life style, to get to know the American culture, and also to find out if America really is so wonderful, as I thought. When I first came to AHS, I was very surprised, because it was totally different from the schools in Germany. For example, all the different courses the students can choose, in Germany there is only a few choices. I also like the modern architecture of the school, the nice teachers, and kind students. I got a very good expression from Andover HS and I look forward for other exchange-students who will come here."

Bianca

"America, the big country in the West! That is what you say if you come from Denmark as I do. It is the country where everything new comes from. I decided to be an exchange student to see this wonderful country myself and to learn the English language better because it is very important in the Danish schools. When I arrived here, it was a strange feeling walking off the plane. I was finally here after months of planning, interviews and lots of thoughts circling in my head. Now all my thoughts had become a reality. But it was not what I had expected! Everything was different and I think the hardest part for me was to be a part of a

new family with a new lifestyle. But after a while I got used to everything and my host family has made it a great experience for me. School was a very different and I found that there was much more respect for the teachers over here. Another thing that surprised me when I started at AHS was all the different Courses available for the students. I think it is great that everybody can choose the courses they want. Even though the work at school sometimes has been hard for me, I really have enjoyed my year in Andover. Both the teachers and the students have been very nice and helpful to me and together with my family they have made this a great year. A year where I have learned a lot more than just the English language. I have gotten to know myself better during this year away from home and I have learned to appreciate things in Denmark that I earlier had taken for granted. Most important is the Self-respect I have gained and I feel much more mature than when I first came. Even though it has been very difficult to be away from home for a year, I think that these 10 months have been the best that ever happened to me and I don't regret that I made the decision to be an exchange student. I wish that all the students at AHS would have the opportunity to go to a foreign country - it is a great experience."

Andover's Debate Squad can be proud of their accomplishments during the 1984-85 season. The all-girl team, consisting of only three experienced and five novice debaters, had to be realistic in their expectations during tournament competition. However, with determination, they managed to achieve both individual and team goals. As their coach, I was proud to be associated with such fine young ladies.

DAVID,

ONCE IN A LIFETIME
Just once in a lifetime
The right one comes along.
The feeling is immortal,
To know you belong.
Just once in a lifetime,
You see his honest face,
You touch his loving hand.
You feel his warm embrace.
Just once in a lifetime
Everything feels right.
You see his shining face
And your darkness turns to light.
Just once in a lifetime-
The feeling is so new,
To say three words and mean them,
The words are
I Love You!

ANNETTE
